Problem1)
Online material (if any):https://en.wikipedia.org/wiki/Algorithm

Solution:

- *Assignments need to be uploaded to BlackBoard as one PDF file before their due date.*

- *Any handwritten material needs to be scanned and made part of the uploaded file.*

- *For assignment number x, the name of the submitted file needs to be LastName.FirstName.x.PDF.*

- *On the top of the first page: your full name as it appears on Blackboard, your Purdue e-mail address,and the assignment number*

- *For all online material used in your solutions, give the complete URLs*

- *List collaborators or study group members you discussed the problems with; indicate whether they are likely to have similar solutions.*

- *A tutor is a person not enrolled in the class who provides assistance and ideas for assignment solutions. You are expected to indicate on each assignment whether you used a tutor. If you are not stating the tutor's name on the assignment heading, you are expected to talk to the instructor about your tutor arrangemen.*

-

- *For each assignment, start each question on a new page. Use spacing that makes it your writeup easy to read. Make appropriate paragraphs to improve readability.*
